Subject: DJN Rockwall & Excavation - Cessation Order

- please 801-244-0131

Lynne Kunzler issued a CO today to Timberline, for mining rock products without a permit. He hand-delivered a copy to 'Steven_____'. Subsequently, Sean (Shawn) Nay, of DJN Rockwall & Excavation at 13142 South Green Clover Road, called to ask if they 'could just finish taking 4 truck loads off the site'. I authorized him to do this, telling him that this was, in essence, his Stop Work Conference Order.

He stated that Matt Carter of Timberline had told him they had all the required state permits, and so Mr. Nay had paid Mr. Carter for the right to take rock off the Timberline 'permitted site'.

Please send copy to file.
